

PROJECT CHILD FIND

Do you have or know of a preschool child age three to five that may have a developmental delay? If so, our district's Child Study Team can help.

A community-wide effort to find and help preschool age children who may be developmentally delayed and in need of special education services is under way. In many cases, a child who is identified early can be helped with interventions. Sometimes parents are not aware that help is available.

Do you have or know any child from age 5 through 21 who lives within Garwood and may have a disability? The child may currently attend any elementary or secondary program, including non-public schools, or be home-schooled or be highly mobile such as migrant and homeless.

If you are concerned about your child, or know a child who may need assistance, please call the Garwood School's Child Study Team at 789-0331 ext. 2109 for further information.
