Dear Parents/Guardians:

I hope everyone had a great week! On Monday Governor Murphy announced that parents would have a choice to keep their children home in September and have virtual learning. The New Jersey Department of Education (NJDOE) will be providing guidance on the virtual option and when I receive the guidance I will forward it to you. The Restart committee met this week and we continued planning for the return to school in September. We discussed the symptoms of COVID-19 and the importance of protocols for students who become sick in school. Those protocols are currently being finalized and will be sent in the July 31st email. The school schedule for September was also discussed and it will help us for planning purposes if you would please take this brief three question survey. Thank you.
