August 28, 2020

Good Afternoon,

It's hard to believe that the first day of the 2020-2021 school year is less than two weeks away! The entire Lincoln School staff have been working tirelessly preparing for a school year like no other! Although the year will be different, I know one thing will remain the same, the genuine care and T.E.A.M. work shared between staff, students, and families. The Lincoln School community is a place where staff and families come together to ensure that our students grow to be respectful, confident, and caring members of our society.

Please see the attached link for information on helping your children understand the need for wearing a mask in school. As you know any child returning to school will be required to wear a mask throughout the day.

<https://onoursleeves.org/find-help/tools-for-you/back-to-school-guide/helping-kids-get-used-to-seeing-and-wearing-masks>

We will have a teacher meet and greet on September 9th for students who have enrolled in virtual learning. An email will be sent to the parents of our virtual learners on Monday with specific times for each grade level. The meet and greet will be held in the morning on the Third Avenue playground.

Attached is information on our Honeywell Instant Alert System. Please review your contact information to make sure it is correct. Honeywell will be used through the school year for important school updates.

Teresa Quigley, Ed.D.
Superintendent/Supervisor of Special Services
Garwood School District
